Thread: [\[Limited Edition\] Eclipse Award For Sale \[Final\]](#)

Views - August 22, 2017, 6:51 pm

I'm currently looking to sell another Eclipse award to go towards funding some things I want to do on Hack Forums in the future.

Information

I was granted the ability to grant my own custom award in December known as the Eclipse award which is a limited edition set of 12 awards the same as the Quazz and Gavel of Dredd before it.

It can be found above on my profile or along with the other members lucky enough to acquire one below.

<https://hackforums.net/myawards.php?awid=98>

If you are interested in purchasing the final Eclipse award for sale post below with your offer and I'll note it below.

I am also allowed to make the caption anything you'd like as long as it's within reason.

Current Offer: \$725 by [Formula1](#)

BIN: \$1100 BTC/ETH/ALT Coin

Riyu - August 22, 2017, 6:53 pm

I'm poor but \$200 bid from me

Varane - August 22, 2017, 6:55 pm

I could have sworn that on the last thread you said that would be the last time you are selling this award.

So much for exclusive. ?
exactly my point big boy ?

Views - August 22, 2017, 10:27 pm

In response to those saying it's not exclusive, this award will only ever be given out to 12 total members, if a member who has the award is closed the number shrinks so in time it will be reduced to even fewer than 12.

Updated the original post with your bid.

I'll update the OP whenever a higher bid comes around, usually the current bid will be correct though.

If we was straight up and didn't lie to begin with, then I think people would've respected that. I can only imagine he will be selling this again so don't expect to be the last person.

Riyu - August 24, 2017, 9:39 am

What did the last one sell for?

The question was perfectly fine, your repetition of it was removed for being Low Quality:

Code Low Quality

...

Quoting posts without adding to them.

Repeating your question (which had already been answered) simply by quoting it violates the above rule.

Glad you seem satisfied with the answer now, let's try to stay on topic ?

Let's get some more bids for this award.

Groups on Hack Forums have sold for up to \$12,000 BTC before in the biggest sale, people on Hack Forums pay quite a bit for nice profile additions.

POLY MATH - September 1, 2017, 4:54 pm

The price is fair. The demand is there. People broke lol. GLWS. It's truly a great purchase to those who tend to be long term members.

Exactly as time goes on and passes this award will only become more rare with previous award holders getting closed and their awards removed.

3 years from now you could be one of 8 members out of 5-7 million+ members.
