Outlaw. - September 16, 2017, 8:58 am

This course compilation has some HQ content, I only read the Shopify one because it was the one I was interested in, but so far I'm glad I downloaded it.

It's very easy to understand and it covers lots of aspects through it's 56 pages, from "What is Shopify" to "Methods to recruit affiliates".

If you own an e-Commerce business or want to start one, don't hesitate to download this, it'll be one of the best decisions you could evermake.
