Let's put it short. That Instagram is not stupid.

hustle. - August 26, 2017, 5:58 am

A few of those IGs got banned because they got shouted out on hacked celeb accounts , Most got randomly banned.

There will be another ban wave though since that exploit got fixed yesterday. I would stay away from jacked accounts .

Mr. Robot - August 27, 2017, 11:23 am

I recovered an OG a while back that was banned and shouted out via a hacked celeb acc.

I contacted IG with a spoofed email from the original email account and said my account was hacked. They reset it and gave it to me.

Lukas - August 27, 2017, 7:45 pm

My IG Fence and Door just got banned!!!

swavy - August 31, 2017, 6:39 pm

The ban started because of the IG hackings but has moved into other stuff now, MOST of the banned @s had zero relation to the IG hackings.

Some sick names in this list. Wish shade was mine, well I guess I don't now. Also, didn't satanic get banned time ago on a verified ig?
