Jacked acc can easily make your money back in promos GOT is one the best shopify niches and I've had this for a minute and safe to say it ain't going anywhere. I don't even watch the show so lol someone buy this, gets so many dms asking for shoutouts

Alexander Hamilton - August 28, 2017, 10:54 pm

How secure is the account? Do you have the original e-mail? And \$400 is a bit much for only 150k. Trust me I have experience selling GoT Instagram accounts and they won't go to that price.

Professional27 - August 28, 2017, 11:01 pm

Can I test out the reach and engagement with a post? How much would you charge for posts?

SIM-888979 - August 28, 2017, 11:09 pm

How secure is it? I'm very very interested in this.

Your going to have to rephrase the question lmao sounds like your trying to buy a shoutout. Impressions/Reach are 3mil/600k ?

Angel - August 29, 2017, 12:30 am

I don't see any offers, my offer is \$50 for now ?

Bruh are you joking? \$500 for a 150k is bare cheap.

Well, the Instagram page has 156k followers, and the twitter page does not exist.

I wonder what it could be.

There's plenty more websites besides Twitter & IG...

But yes, the IG does have 156k. I couldn't open IG to check.

Bro I've bought and sold at least 10 GoT accounts. I know for how much they go. It wouldn't go for \$400 especially because its jacked and most probably gonna be taken back. Either way, GLWS it really is a sick account.

Maybe in the GOT marketplace lmao but its worth here isn't based on accounts elsewhere. Basing

my price off the ability to sell shoutouts/engagement etc.
