Tbh I've never watched one piece. Didn't like the first 2 episodes and thought I will busy for a long time with this anime if I want to watch every single episode.

So ofcourse I think Natsu is funnier since I don't know much about Luffy. I'm sure Luffy is funny af too xD

I vote for luffy! and One Piece still long way to go, so he can be far stronger than he is now

DonDave - September 18, 2017, 3:54 am
