You gain reputation by being a high quality member, participating in deals, and benefiting the community in general. It's against the rules to ask for reputation. The Help Documents contain answers to your questions.

Upgraded users can give you reputation; positive (green, good) and negative (red, bad) also neutrals, but that does not impact your very important number which shows your e-dick.

According to Hack Forums' [Help Docs](#) (The website's rules), "It is a method for privileged members to give their opinion about other users for the rest of HF to see."

I recommend you read all of the [Help Docs](#) and you will get a great sense of the reputation system. Here is a link for you to read --> <https://hackforums.net/allhelp.php>

Remember, asking for reputation is against the rules.

Hopefully this helps.
