Moneyroller's Staking Services

If you have any amount of GP staked over 10m+ I will stake it on my OSRS account.

Commission will be taken off every bet, but only 10% of the total bet and that is a firm rate!

To ensure my safety I will be screenshotting the accepted amount and if it is a victory or defeat against the opponent. Then I will screenshot the payment to the person who traded me it.

Also as this is a new service, I'll offer 3 vouch bets to any member! Meaning no commission will be taken off at all!

Also there are only three types of stakes I will do which is Whip or Whip/dds or boxing!

0/3 Claimed
