Thread: [Clicking on a advertisement](#)

radicalxfrosty - August 31, 2017, 12:50 am

Hello,

I want to reach the minimum withdrawable amount on adsense but I don't have any ideas what to upload.

I currently need 7\$ until I can withdraw my 70\$:)

EDIT (14-11-17): I only need 2\$!!

My question is, could some of you guys click on advertisements from 1 of my video's so it would be faster to reach it since I don't really upload that much.

I could do some favors back such as subscribing.

Only some of my video's have advertisement on it but I think you guys will find a advertisement such as this one: <https://www.youtube.com/watch?v=IDiHkiJLnR0>

Link of my YouTube channel: <https://youtube.com/musicbassboosters>
