This online community discusses a broad range of computer, cyber and technology-related topics every single day, bringing together those seeking answers, support or certain services, and those providing them all. We all form a virtual profile one way or another while exchanging content, a digital face to cover our real life persona, a personal face to forget about anything we don't like or don't want to see in real life, without realizing it. When you click the logout link, you return to a the 'real' life where people judge you based on the little things they think they know about you, expect from you everything that everyone else seems to be doing, every-day routine things, having habits, paying your taxes, having a social life, going to school or to work ... Routine covered with sugary entertainment .. Sports, games, intoxicating substances, porn, whatever keeps the mind busy, whatever is necessary to keep us numb and away from self-realization. Looking outside of your own life, you see millions of other people each having their own personal life just like you are having your own, each playing a role in a grander scheme of routine, doing what is expected from them, competing to stay alive and seeking out entertainment to wash away any stress, boredom or burn-outs .. Not really a pleasant thought so far huh?

When you think about all the negative thoughts you've been carrying with you from the past, all despair, sadness and problems you think you are surrounded with or see in the world when watching the news or reading the newspaper, what point does it have to put all your time and energy

in those things when it does not support life the way our fauna, flora and climate are doing in such a peaceful manner?

Look what lies right in front of your nose yet seems to be so invisible. Where is all of this taking place? We live on planet Earth. An ecosystem made out of smaller ecosystems, working together to answer any demands with an equal supply, forming an equilibrium of resources, supporting itself and all mankind without asking anything in return, just like that, sustaining life, forming life, being life. How do we experience all this? We were given senses by nature to be able to taste, smell, feel, hear and see all that is around us, it may seem so normal to have, but at the same time it is a magical experience to experience life so vividly.

A smile doesn't have to be triggered by a joke or a funny phrase, it can be triggered by the beauty of life.

I wrote this myself.

**Jaxon** - September 1, 2017, 1:36 pm

I dont have enough people words to make it understand you the way it understands me

Q: Why did the Norwegian take a ladder with him to the supermarket?

A: Because he'd heard the food prices in Oslo were extremely high.

Q: Why did the Norwegian crawl on the floor through the supermarket?

A: Because they're looking for the low prices.

A small boy asks his Dad, "Daddy, what is politics?" Dad says, "Well son, let me try to explain it this way: I'm the breadwinner of the family, so let's call me Capitalism. Your mom, she's the administrator of the money, so we'll call her the Government. We're here to take care of your needs, so we'll call you the People. The nanny, we'll consider her the Working Class. And your baby brother, we'll call him the Future. Now, think about that and see if that makes sense." So the little boy goes off to bed thinking about what Dad has said. Later that night, he hears his baby brother crying, so he gets up to check on him. He finds that the baby has severely soiled his diaper. The little boy goes to his parents' room and finds his mother sound asleep. Not wanting to wake her, he goes to the nanny's room. Finding the door locked, he peeks in the keyhole and sees his father having sex with the nanny. He gives up and goes back to bed. The next morning, the little boy says to his father, "Dad, I think I understand the concept of politics now." The father says, "Good, son, tell me in your own words what you think politics is all about." The little boy replies, "Well, while Capitalism is screwing the Working Class, the Government is sound asleep, the People are being ignored and the Future is in Deep Shit."

A man who drove trains for his living.

He loved his job. Driving a train had been his dream ever since he was a child. He loved to make the train go as fast as possible. Unfortunately, one day he was a little too reckless and caused a crash. He made it out, but a single person died. Well, needless to say, he went to court over this incident. He was found guilty, and was sentenced to death by electrocution. When the day of the execution came, he requested a single banana as his last meal. After eating the banana, he was strapped into the electric chair. The switch was flown, sparks flew, and smoke filled the air - but nothing happened. The man was perfectly fine.

Well, at the time, there was an old Bulgarian law that said a failed execution was a sign of divine intervention, so the man was allowed to go free. Somehow, he managed to get his old job back driving the train. Having not learned his lesson at all, he went right back to driving the train with reckless abandon. Once again, he caused a train to crash, this time killing two people. The trial went much the same as the first, resulting in a sentence of execution. For his final meal, the man requested two bananas. After eating the bananas, he was strapped into the electric chair. The switch was thrown, sparks flew, smoke filled the room - and the man was once again unharmed.

Well, this of course meant that he was free to go. And once again, he somehow managed to get his old job back. To what should have been the surprise of no one, he crashed yet another train and killed three people. And so he once again found himself being sentenced to death. On the day of his execution, he requested his final meal: three bananas.

"You know what? No," said the executioner. "I've had it with you and your stupid bananas and walking out of here unharmed. I'm not giving you a thing to eat; we're strapping you in and doing this now." Well, it was against protocol, but the man was strapped in to the electric chair without a last meal. The switch was pulled, sparks flew, smoke filled the room - and the man was still unharmed. The executioner was speechless.

The man looked at the executioner and said, "Oh, the bananas had nothing to do with it. I'm just a bad conductor."

The store attendant asks, "What does your mother look like?"

Here are the two I like

1.)I was sitting in a bar one day and two really large women came in, talking in an interesting accent.

So I said, "Cool accent, are you two ladies from Ireland?"

One of them snarled at me, "It's Wales, dumbbo!"

So I corrected myself, "Oh, right, so are you two whales from Ireland?"

That's about as far as I remember.

2.)A box of condoms, please.

That'll be 3,99. Do you want a bag with it?

Nah I'm OK. She's actually quite pretty.

Ole and Sven die in a snowmobiling accident, drunker than skunks, And go to Hell. The Devil observes that they are really enjoying themselves. He says to them 'Doesnt the heat and smoke bother you?' Ole replies, 'Vell, ya know, ve're from norderm Minnesoota, da land of snow an ice, an ve're yust happy fer a chance ta varm up a little bit, ya know.'

The devil decides that these two aren't miserable enough and turns up the heat even more. When he returns to the room of the two from Minnesota , the devil finds them in light jackets and hats, grilling Walleye and drinking beer. The devil is astonished and exclaims, 'Everyone down here is in misery, and you two seem to be enjoying yourselves?' Sven replies, 'Vell, ya know, ve don't git too much varm veather up dere at da Falls, so ve've yust got ta haff a fish fry vhen da veather's dis nice.'

The devil is absolutely furious. He can hardly see straight. Finally he comes up with the answer. The two guys love the heat because they have been cold all their lives. The devil decides to turn all the heat off in Hell. The next morning, the temperature is 60 below zero, icicles are hanging everywhere, and people are shivering so bad that they are unable to wail, moan or gnash their teeth. The devil smiles and heads for the room with Ole and Sven. He gets there and finds them back in their parkas, bomber hats, and mittens. They are jumping up and down, cheering, yelling and screaming like mad men.

The devil is dumbfounded, 'I don't understand, when I turn up the heat you're happy. Now its freezing cold and you're still happy. What is wrong with you two?'

They both look at the devil in surprise and say, 'Vell, don't ya know, if hell iss froze over, dat must mean da Vikings von da Super Bowl.'

The Victims Of The

Black Cross

Synopsis

In the early 19th century, in the town of Gonad, The Bells of the main church sounded early morning in grief. Everyone knew that meant there was another victim by the Black Cross in the Cemetery. This was going on for some time. The people in Gonad believed the ghost of the woman under the Black Cross was responsible for all those deaths. Since all the Victims were young, John and other youths in the town were fearful of their lives. George the tall handsome priest was trying to bring calm and courage to the people of the town. Everyone loved him and took his advice. He urged everyone to go and confess to his or her sins. In his sermons, he was telling people that the spirit takes only the life of sinners. He was inviting people to confess their sins no matter how big it was and God will forgive them. When Allen, Johns best friend gets murdered. John decides to find the source of all killings. He hid several nights in the cemetery. He wanted to know how a ghost kills and carries the bodies to the cemetery. Every night he saw a shadow of a woman in the Cemetery. But one night he heard the sound of squeak a few yards away from the Black Cross. A large human-shaped body came out of a grave. Its entire visage and body were covered with the long black cloak and hood. It carried a body and laid it by the Black Cross. John had promised to himself to revenge his best friends murder no matter what or who the source was. All the fear that he was feeling did not prevent him from going forward with the promise. He moved the stone cover of that grave with the help of a lever that he had found in the cemetery. He entered the long dark tunnel. He was hearing strange whispering noises in the tunnel but he proceeds. In the middle of the tunnel, gets attacked by the Creature. He frees himself with the help of the same leaver he was carrying and runs away. To save himself he runs to the Church and tells the story to George the respected priest of the town. George who was very strong man gave John a bunch of papers to read. The story was about the woman who was lying under the Black Cross. She was a very attractive and talented news reporter, working for reputable Boston magazine. One time at an architectural award ceremony, She falls in love with the recipient of the award who was a young and handsome architect. After a lot of romances and passionate feelings, Paul and Rosalyn get married. On the way to their honeymoon in a dream house by the beach, they stop by a bar on the outskirts of a large town. Several drunken youths who were playing pool decided to pick on them and wanted to dance with Rosalyn by force. Paul who was a very strong man tried to free his wife from the drunken youths. In a long struggle between Paul and the 6 youths, Paul had the upper hand, until he stepped

on broken billiard cue, and slipped. That is when things turned around and the attackers could tie up Paul to the column. But not before Rosalyn attacked the assailants with a broken bottle while they were struggling with Paul and cut their faces. One of the assailants, who was enraged, hit her so hard that she hit her head on the ground and seemed unconscious. But the attackers did not give up and raped her unconscious body. After they found out that Rosalyn was dead, they left. With the help of the bartender, Paul took his dead wife to the Hospital hoping with some miracle he could get her wife's life back. The bartender gave the names and the descriptions of the murderers to the sheriff.

The Victims Of The Black Cross (Synopsis)

By: Troxied

In a town there are mysterious deaths happening, all the victims are young men. The people of the town believe that the ghost of the woman under the Black Cross is doing all the killings. One young man who lost his best friend decides to revenge his death. But he finds things that he was not expecting. All these killings and the ghost stories were results of a man under a cover of priest, who was getting his revenge from the rapists who killed, his newlywed bride that he was in love with so dearly. He also targeted the members of a kangaroo court who covered up all the truth to save the life of the killers who were the sons of powerful people. They accused him of killing his wife in jealousy. They put him in jail for ten years. He plans a very horrendous chilling plot to take revenge from the murderers while he was in prison. There is a lot of love and passion, mystery, and excitement up to the last page. There's also a trial in the dungeon that the strange priest/architect has built. All the original casts of the court that had convicted him are forced to take the same responsibilities and judge about each other. He executes all the killers of his murdered wife and through a long tunnel, he has built that links the church to the cemetery, he takes them to the Black Cross where his murdered wife is buried. There are some hallucinations and imaginations about getting caught by creatures and also imaginations about good times the priest had with his murdered wife.

[October 4th, 2473] - They've Found Me

The snails are approaching. I've managed to barricade the door but I can see them coming from over the hill. They haven't stopped chasing me for months now. No matter where I go they continue to slither towards me. Hopefully the barricade will work, but I had to work on the window now, the last time I tried spot welding it didn't hold for too long, so I'll have to try to do better this time. Maybe tonight I'll be able to get some sleep, but I'm unsure, I can just hear them screaming at me now, see them inching closer and closer. There's only a thin sheet of steel but it will hopefully hold. They seem to not want to climb so I'll try hiding in the attic. Maybe by morning they'll have broken into the lower levels and I can escape through the skylight. I'll have to remember to cut the wire to pull down the attic before I sleep for the night, I'm sure they get suspicious of that, but by then they'll probably only be halfway through getting rid of the salt I've poured on the stairs. Speaking of which I still need to glue some to the walls and ceiling to make sure, don't want any repeats of last time.

I would make a joke but I am really gosh darn bad at them.

I am smiling though since I helped my girlfriend with some of her insecurities and in turn made her happier.

Don't know if this even counts as an entry but I hope it does, spreading smiles via being nice is more my thing then comedy, thanks for the giveaway.

This is an oldie.

So a boy walks into a brothel with a flattened frog tied to a stick. The madam tells him to leave, but he gives her a \$100 bill, so she decides to let it slide. As shes lining the girls up, the boy asks the madam "Do any have diseases?" and she replies "Of course not, they're all clean." The boy then gives her another \$100 bill and asks for the girl with the most diseases possible.

A little confused, the madam obliges again. The boy finishes up and leaves, but as he's walking out the madam asks "You're quite young, why did you come all the way over here to sleep with an infected girl?"

He replies, "well tonight my parents are going out and my babysitter is coming over. She'll give me a blowjob or something as always, and when my parents come back my dad will drive her home. Before he drops her off, they'll do it in the back of his car as always. When he comes back tonight, he'll do it with my mom because they went on a date, as always, and tomorrow when I'm at school the mailman will come over and sleep with my mom, and that's the motherfucker who ran over my frog!!!"

Three elderly sisters living together in a big old house. Sister #1 decides to take a bath. Goes upstairs, turns on the bath water, disrobes, and is about to dip her toe into the water when she stops and yells out..."Sister, Oh Sister! I forget! Am I getting in or getting out?"

Sister #2 says,"Just a minute, Sister...I'll be right up!" Half way up the stairs she stops...turns around and says to sister #3, "Sister? I forgot! Am I coming or going?"

Sister #3 shakes her head and says to herself, "Thank you, God, I am not as bad as either of them...knock on wood" and she knocks three times on her head.

She then hollers out," Just a minute, Sister, I will be there as soon as I answer the door!"

Because of things that have happened to me IRL I've been unable to finish this contest. However, I had some time today and now I've upgraded 4 new members to 3p1c. So sorry for taking my time on this, but I'm doing what I promised.

Kinda sad to see the thread now as many of the members is banned (Who I gave awards and upgrades to) but whatever, the money goes to HF and not the member.

It was hard picking members because many of those who have posted is already 3p1c.  
I guess most of the winning members don't remember posting in this thread so I hope they will be surprised.
