Remove spaces in Links + Add a . after gyazo

There is a few more options in the Extra tab which I haven't added, It's because i can't be bothered to add them xD

I'm not going to put a price on it, If your interested reply to the thread and ill contact you, I'm selling it because I'm wiping my computer clean and It will only be deleted If no one wants it..

It can be re sold, you can add custom time to users and ban their accounts via. BetterSeal website if you wish to sell it on.. I will pass over the BetterSeal Account information and suff.

It has CPU Auth

BetterSeal(Gold Login System)

Auto Updating If you wish to add some other features

I'll provide online accounts which are already implemented in tool e.g pastebin account

Add my skype: ricky_nicholls

Thank you
