(Aug 27, 2017 10:57 PM)Trappy Wrote: [\[CITE\]](#) User let me have a peek at his methods, this is one of the best things I've yet to see.

Will update tomorrow with my earnings.

Raven Wrote: [\[CITE\]](#) I got this Sunday, did the bare minimum, put in about 45 min of work, and left it by itself, I just checked my results today and I've already made 37.09. I'm going to invest a few more hours of work tonight and show my updated results.

Raven Wrote: [\[CITE\]](#) This is lit tbh. Stazzy's help on getting it set up has been amazing and I earned a fair amount within a day. If you're willing to put in the work, expect a return for doing so. I've been aiming towards a gaming laptop and this e book has been incredibly beneficial for passive income. You the mvp my dude thank youuuuu

Designr Wrote: [\[CITE\]](#) Bought this method 2 days ago and Stazzy helped me set everything up right away. I can't say what this contains but just know at the rate I'm earning at, I could have \$1k by

this week. Will keep you guys updated!

vapefag Wrote: [\[CITE\]](#) I got this guide about 2 days ago and boy is it flawless. There are over 6 highly unsaturated methods including a bonus which you could choose to earn OVERNIGHT if needed. I chose one of the easier methods and Stazzy helped me get it setup. It is very easy to get it working and it does require a bit of work (not that much). When I got the method working, the day after was immediately payout. Excellent support from him and I could easily see myself making at least \$50+ a day with this.

Made about 25k more since January 2017 and bought a 335i for €40,000 by using these methods and my private bots which will soon be either released separately or one of them will be included in this package, so stay tuned for that. (This was achieved in close to a year by only online activity)

Thanks

Hi,

I am interested to know what items are we selling using this (physical or virtual), Wouldn't it get saturated when a lot of people use the method?

Does it require some sort of SE?

No offense but what is your reason for selling this if you can make 300\$ every day?

Thanks,

Daniel.

Hello Yakz !

I'm tempted to buy your product, but i got some questions:

Does this require to reveal your identity?

Does it work if i'm not talking a fluent english ?

Is PayPal the only cashout method?

Will I receive payments directly to my PayPal account, I don't want to risk my PayPal account in any way, (receiving lot of disputes for example).

Does any of the methods involve Amazon, eBay, Craigslist, CPA, dropshipping?

Thanks a lot and sorry if I bothered you asking so many questions.
