Thread: [Another +1000 euros made with my method...](#)

Cyam - September 5, 2017, 2:06 pm

More than 1000€ in earnings, about 850€ profit just because I'm smart ?

Spoiler ([Click to View](#))

If someone told me it's possible to earn with this method I wouldn't believe them - it's so simple and easy, yet I doubt anyone is doing it. ?

PS: Yes, there are 3 currencies in the photo - HRK, RSD & EURO - all together makes about 1300€

LuvXo72 - September 5, 2017, 2:21 pm

Euro currency is so beautiful compared to Dollar

Prawnster - September 5, 2017, 2:22 pm

Not an e-Book, but a mentoring - and it's open.

It's not \$30-40 though. ?

Unlike some members, I don't post fake earnings - no point in that.

And why wouldn't I do it? It's a nice way to advertise your method and also a cash proof.

I don't understand why you people have need to always be smart about people doing these kind of things.

It's horrible to do such a thing!

Just joking, it's a clever way of marketing your method, yes, but not all the members gonna like it.

You can always send me \$100 anytime <3

Dope AND you're selling a method for it too!!

Roberto Scorpius Malfoy - September 6, 2017, 8:46 am

So the question is. If this method is so easy why did you contact me the other day saying "I want to help you to hack a FB accoount" in exchange i get 1000 USD. ?

I wouldnt waste my time to hack FB accs for 1k usd when i can make easy money out of a ebook as you say?
