When taking a poop do you keep your pants around your ankles or do you take them all the way off or and btw if you do this you are a freak do you just get naked to take it?

Ive always taken my pants off at least when at home.

Jake???????????????? - September 5, 2017, 5:31 pm

well sometimes you have to get butt ass naked to take the craziest poop of your life

but mostly just my ankles unless i'm about to shower, then i do it with them off

Sheriff1337 - September 5, 2017, 5:32 pm

I like the warm feeling when the pants are still at the knees and you do not feel the cold seat or at least not all of it.

Bloodmgx - September 5, 2017, 5:33 pm

I don't even drop them to my ankles, around the top of the calves works for me. I do appreciate a pantless shit though when I am at home.

I get completely naked and squat over the toilet and watch it slip down. I like to pretend It's an amusement park ride.

I respect how creative you get with it.

Thank you, I like to put a creative aspect in everything I do. Mix it up a little, you should see how I pee.

Enzio - September 5, 2017, 5:40 pm

If you don't remove your pants and shirt when taking a shit, did you really take a shit?

test - September 5, 2017, 5:43 pm

I'm always naked at home so I guess I always shit naked.

Danktober - September 5, 2017, 5:44 pm

Good idea, might as well have nuts around my nnck

Effexion - September 5, 2017, 5:48 pm

I take them off and then I also take off my top. I stuff the two of these with various items of clothing from the laundry basket and fashion a sort of fabric me which I prop up in the corner in varying poses.

It can get lonely on the toilet.

Da? ?ae - September 5, 2017, 5:50 pm

I put my pants around my neck and sit backwards.

I like to keep my pants on, and shit in my jeans without underwear, and when taking a leak in the urinal at school, I prefer to take my pants off and beat my meat directly after pissing.

EricCartmanGO - September 5, 2017, 5:57 pm

who takes all their bottoms and pants off to shit?

? THEINSPiREDONE - September 5, 2017, 5:58 pm

None of the options stated in OP, but all my pants are bought in brown colour if that helps...

Sometimes I like to shit in my jeans without underwear, then use the warm feces as a scarf to warm my neck while I am pissing without pants, then beating my meat in the school urinal.

Danktober - September 5, 2017, 5:59 pm

Sometimes I don't even remove my bottoms.

Cuthbert - September 5, 2017, 6:03 pm

I seal my lips around my anus and shit in my mouth.

Lexy- - September 5, 2017, 6:05 pm

Vitani's Mate - September 5, 2017, 6:16 pm

Not all the time. Sometimes I just have them where my knees are to keep my legs warm.

Mille - September 5, 2017, 6:17 pm

Personally I love to indulge in the warm feeling of shitting on my ankles.

Vesania - September 6, 2017, 11:19 am

You kind of need to take off your pants when your bathroom is your neighbor's yard.

Vouch for this method, if you're not doing it this way you've done it wrong your whole life ?
