Thread: [\[PP/BTC/ETH\] UBER RIDES REFERRAL SHOP \[PP/BTC/ETH\]](#)

hopeforme - September 6, 2017, 9:45 am

SHOP STATUS: CLOSED

Patched.

Click the thread design below to purchase the Uber rides!

First time opening a shop, lol.

This works Worldwide.

This is only available for Uber Rides only. I may open Uber Eats in future for now.

Please give me 24 - 48 hours to respond and to process your order. This is because of my IRL schedule which prevents me from having internet access for 48 hours at a time. (If this business proves profitable, I may consider changing this schedule so that I will be available daily)

Please don't attempt to scam me by chargebacking; if I win the chargeback you pay a \$30 fee to Paypal lol

I am providing vouch copies.

First 3 users [UBER ONLY] to ask for a vouch copy will get a free ride as a vouch copy.

Ask me in thread.

Hacker - September 6, 2017, 9:51 am

Hey willing to give this a try.. does it work in india? A trial would be fair to know how this works.

Clean thread, good luck with sales!

Arizonalce - September 6, 2017, 10:11 am

Vouch, received a free ride.

Fast response time and a friendly user.

SecurityCult - September 6, 2017, 10:15 am

Vouch for Hopeforme User bought my method so you know the rides are legit ?

NFL - September 6, 2017, 6:03 pm

Would love to claim a vouch! Thanks homie <3

Hell - September 6, 2017, 6:06 pm

If this works in India, I can take a vouch copy for Indian users. Because I assume, many will love to purchase this.

iwu - September 6, 2017, 7:49 pm

If vouch copies are still available, I'd like to know if I'm eligible. Thanks.

Congratulations! All of you have qualified for a vouch copy of an Uber free ride!

Please PM me your uber referral code and I will send you a free ride as soon as I can. Do understand if orders from legitimate buyers take higher priority!

I will send you your referral code between 24 hours to 1 week.

I've already sent a vouch copy to an Indian user already, so sorry about that. I've already sent him a PM and told him to confirm that he has received his free ride, and for him to vouch in the thread.

Cameron. - September 8, 2017, 10:12 am

I'm from the US and I get a \$5 credit for every referral lol.

Other states in the US vary their credits for every referral. It can range from \$5 to \$30 worth of credit.

In any case, if you buy in bulk, my \$4-per-ride still does indeed give you a discount nonetheless.

Decide if the bonus is profitable or worth it for yourself, then make your purchase. Every country and region has different promotions.

hopeforme - September 9, 2017, 10:55 pm

Hey. Just in case some of you do not know how to purchase; just click my thread design and that will lead you to autobuy. Then, PM me on HF with your referral code and I will get your referrals done at my soonest! Thank you very much. I'll update this in my OP

Also, those who have asked for the vouch copies haven't PMed me your referral code yet. LOL. So people can still ask for a vouch copy. Ask me in thread, then PM me your referral code.

Also, this works in India. I've given an Indian user a vouch copy of a free ride but he hasn't come on the thread to vouch yet :/

redrahul - September 9, 2017, 11:01 pm

I would like a vouch copy if there's still some available.

I am open to that.

Hacker - September 10, 2017, 12:34 am

Hi thanks for sending the referral but are you sure it works in INDIA? Because I haven't received any free ride yet. Is there any way I can check about receiving the free ride? I even called up the customer care and spoke to them and they confirmed that there is no free ride.

CA905 - September 10, 2017, 2:53 am

Can you at least tell Canadians that if they purchase this, they'll be paying \$5 US for a \$5 Canadian code and they'll be losing money lol. I fuck up by buying this once. Got \$10 and then it was halved the next day.

iExploits - September 10, 2017, 6:55 am

How is this the cheapest when literally others are doing for \$3 for 5 or over?

Can you do cheaper if I order like 20?

hopeforme - September 10, 2017, 7:40 am

Hey, sad to hear that. It's true, Uber is getting stingy these days; I remember in the past where they used to dish out \$20 free rides, and now in my country even it is reduced to only a sad \$5 (x 4 rides though, so its total \$20).

Well, all I can say is that if you purchase more than 5 referrals, it will only cost \$4 per trip, so... hopefully that gives you some profit?

Hello, thank you for your feedback. I am well aware that there are people that can sell at \$3 for 5 or over. As I am a new seller, I am still learning to optimize and streamline the process so that I can get the referrals done faster. I'm not competent enough to mass generate the referrals yet, therefore selling lower than my current price (\$4) would blur the line of profitability and unprofitability for me. Thank you so much for your support though, and perhaps you can follow this thread or check back next time, perhaps I can reduce the prices in the future when I get more experienced or there is large support for it.

Hello sir, I am pretty sure that I have already sent you your free ride. To check if you have your free ride, just go to your Uber app, click the side bar, go to "Payment", and check if you have something called "Promotions". If it is there, it means your free ride is there. Did you accidentally sit the free ride during the period where I delivered it to you, and you writing the post already?

Don't worry, I will send another free ride to you. Please reply me quickly and also remember to vouch once you receive your next free ride.

The discount will be automatically be applied to your next Uber trip. And it will look something like this (except it says India):

This is the code you sent me, so I will confirm that you will get your free ride this time.

Hacker - September 10, 2017, 3:14 pm

Thanks for the response hopeforme. Upon checking like you said I Found it. It's 25 Indian rupees off each ride which I can use twice I guess. 25 Indian rupees is like 35 cents in usd.

WTF. Why is it so low in India? Are you sure about it? Why is it so much difference from \$5 USD (average) to \$0.35? Are taxi rides so cheap in India?

It contradicts what another Indian user said:

The method is most certainly still working. I have received an order of 6 rides (\$4 per ride) and will be processing it soon.

Thanks

Check your own Uber app for the rates. It is different for every country. Some in the US have \$20 off a ride but some in Australia get only \$5 off a ride. Sad life.

hopeforme - September 15, 2017, 1:06 am

Orders will take longer to complete due to a large inflow of orders. I aim to give everyone at least 2-3 rides by the next few days so that they can be used first.

I appreciate your patience and support!

SH?D? - September 15, 2017, 2:46 am

I like to order today which is urgent for me to receive the rides

hopeforme - September 16, 2017, 2:57 am

If you want to make an urgent order with a short deadline, PM me any special request. Small orders only. And you must add a tip.

Due to sudden problems in my schedule, I will no longer be able to continue running this shop, as I will now only be available during the weekend. Therefore, I can only process orders on the weekend. This is not very sustainable because people will need to book orders far in advance, and can only receive them at the end of the week.

I will be processing and rush completing the remaining orders by 48 hours.

If you want to make any orders, you have 24 hours to do so before I close shop.

Sorry, this has nothing to do with the Uber method or anything. It is just my IRL unrelated issues.

Actually, I can keep this shop open, but people need to be alright with the rides only delivered on the weekend. If that is fine and people still like the free rides then I can still keep this open I guess :/

hopeforme - September 17, 2017, 8:26 am

I would like to sincerely thank everyone who has supported this project by purchasing Uber rides from my shop. Unfortunately, due to my sudden change in schedule, I will no longer be remotely even available on weekdays, and therefore unable to process any referral requests on weekdays. I can, however, still process them on weekends, but I do realize that some customers may not fancy waiting for a full work week to be over before obtaining their rides. However, for those that do not mind, my shop shall remain open.

Today is a Sunday for me, therefore I will no longer be available to process rides tomorrow. Try as I might, because of a busy day and some unforeseen circumstances (bad weather), I was unable to rush to complete all my orders by today [I had 30+ outstanding orders]. I am sorry to those who are

expecting a completion of their orders by today. Fortunately, I've managed to complete 70% of them, meaning that these customers would have a reasonable number of rides to last them throughout the week, before I replenish them again this weekend.

I will PM each and every one of you with my current progress of your order. I will do my best to complete the remaining by this weekend. Thank you so much for your patience and your support.

Atheist - September 17, 2017, 8:05 pm

Any idea on how much of a discount these referrals would nab me in the NYC area?

Go to your Uber app -> Go to Free Rides -> Read the Text above your referral code.

hopeforme - September 17, 2017, 11:50 pm

(Sep 17, 2017 08:25 PM)they call me heart Wrote: [\[CITE\]](#) Does This Work for Canadian users?

Yes but if I recall correctly Uber is quite stingy with the offer for Canada, only slightly better than my country. Check for yourself if the offers are profitable for your region.

Uber changes their referral bonuses frequently. My Uber referral offer for my country just got upgraded (or downgraded, depending on how you look at it) when I last checked 10 minutes ago.

You need to check your own Uber App to learn what kind of offer you'll be getting. Then purchase from me if it's very good.

Great news!

The earlier disruption of my schedule has been rescinded. My shop will remain open and I will be able to process orders normally (once every three days). I will work on completing the remaining orders during the week.

I've also received new orders, these orders will be processed after my pending orders are complete.

Thank you all so much!

hopeforme - September 24, 2017, 8:02 am

All pending orders are complete. Thank you all for your purchases!

Shop remains open. Buy a ride or two to test it out!

Hello sir,

I just completed your order, you can check your Uber again, it will have 2 rides :)

The Order Status in Rocketr is inaccurate. It will say "Product Delivered" automatically after you buy it, even though it is not true. But it guarantees that I can see your order on my dashboard and get confirmed. Then I will complete your order ASAP.

Thank you so much for your purchase and I hope you will enjoy your Uber rides!
