Hi, willing to do minor graphic design work for people free of charge. One item per person. I will not be spending a lot of time on what you request, so don't expect something amazing, if you like what I do and want to pay me, you can contact me privately. Also willing to collaborate with businesses looking for a dedicated mind with a diverse skill-set. Studied business and graphic design a year each in university but didn't complete.

Request away!

What you should ask for -

Avatars

Signature (Sales / Your name)

Small Thread Graphics

Minor Picture / Photo Editing

What you shouldn't ask for (I won't 100% decline, but it will be unlikely) -

Business logos

Thread Designs

GIF's

Website stuff

Samples of my work -

Spoiler [\(Click to View\)](#)

Any questions? Let me know.

Can you make me a signature?

I love your C4d work, would love to get my name 3d , green backdrop obviously relating to weed and money.

Would be greatly appreciated

I really enjoy your work and like how your graphics have turned out. Hope to hear from ya

Look, I get that I might provide you with something not amazing, or not what you're looking for because I'm busy, but the least people can do is appreciate my time I'm giving away here. A lot of people get what they want, and legit don't even give me a 'thanks'. Pretty low.

Also. If I've ignored your request, it means it's work I am not willing to do for free. I'm busy enough as it is, and I'll do this when I can in my spare time, if you have to wait a couple of days, I'm sorry, you'll just have to. Don't bet on me being able to do stuff right away for you. I am always open to feedback and criticism, and if you want something changed, let me know.

I'm trying to be nice here, the last thing I want is people making this feel like a chore.

Thanks.
