Yes they work for Amazon/Github/etc.

Title says it all, .edu emails for \$0.89/each while stock lasts:

Enjoy!

Oh and will give vouch email to first 2 Ubers who PM me(: edit: 2/2 vouch copies claimed!

P.s if you don't know why people would buy a .edu email? Amazon Student Prime -> TwitchTV 6 month free prime sub (\$15 total value per email).

You'll have to make a new account with the email or add it to your current account.
