We try our hardest to keep all of our customers happy and safe. Come around if you want to check out our discord, as we do 1-2 free drops daily!

No one has ever been banned from joining these lobbies or from our recovery services, and we make sure that your safety and enjoyment comes first.

1. All sales are final.
2. A chargeback will result in a scam report and you will be blacklisted from ever purchasing again.
3. If your money or rank is taken away within a week after purchase, we will re-do the service for free (proof must be shown).
4. If by chance you are banned you will receive a refund (proof must be shown). We are not responsible if you do get banned, however, so far our record is clean and no one has been banned.

Indeed, the amount of multi-accounting this guy is running is quite hilarious, but the pure dedication kinda makes me feel envious.

Lol yeah come to my discord. Not my fault people don't have rep on hf...

Chief - September 18, 2017, 5:48 pm

I can vouch for duck and I assure you that these aren't his accounts. Our discord has a lot of users that aren't on HF and join to vouch for our services.

Nice service, Freindly admin's and people, great prices. The only wrong thing is the public lobby's.

kk0va - September 22, 2017, 9:15 am

? Phantom Mods ?

Right, so those guys are super friendly ?. Their services are super great and the prices are low compared to others. ?

So no matter what offer you choose, it makes it worthy anyway ?

It is of course 100% safe ? so don't wait no more and contact them ?

Best2plays - September 27, 2017, 7:12 am

I think I just spend my money on this, and it was worth it every single god damn dollar! I NEED MORE

SLY - September 27, 2017, 7:19 am

Prices and service seems legit.

Posting to come back to see if any upgraded members have vouched for this service.

Managed to get a money lobby! Huge vouch.
