Thread: [White hat hacker NEEDED](#)

Invictus101 - September 12, 2017, 11:23 pm

Recently I have lost an account of mine by a hacker.

He has changed my email verification so I can no longer change my password to sign in. If anyone there can help, please do so.

skype: delis.pulickal1

Which account is this? I can maybe help you.

Invictus101 - September 12, 2017, 11:34 pm

It was a ROBLOX account that had a lot of value to it.

Someone had changed my email verification to something else and now I can't sign in.

Sounds like you just want to hack someones ROBLOX account. Contact ROBLOX directly and provide proof that the account is yours. They will be able to help you easier and faster than anyone here can.
