Anyone knows whats up with the OP?

I used to exchange messages with him on a daily basis like 2 weeks ago, and since then I can't get a hold of him via anything.

POLY MATH - November 15, 2017, 7:15 am

iThinkCode is currently in the hospital. He will provide more information further in his recovery process.

Could you please PM me? I want to ask you something and keep it out of the public forums and my post count is too low.

My apologies. I was in an accident and have been undergoing surgeries/recooperating the last few weeks. I am currently back at it and have responded to you via Discord/Skype.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
