Thread: [\[\\$40 BUYIN\] Faces | Fidelity | Official Group Userbar | \[HARMONY\]](#)

Juicy - September 15, 2017, 6:07 pm

Faces is a group which focuses on Individualism. Everyone is different, and the struggles we face make us stronger.

Welcome to Faces

"A few vices are sufficient to darken many virtues"

We currently have recruitment going for Faces, but this thread will serve to those who wish to purchase their way into the group. If you choose to buyin, you will be a member of the Faces and Fidelity Subforums, of the official group Harmony. You will receive access to Harmony as well as my subforums. You will be expected to be active and contribute, however doing such is not hard with a group that focuses on individualism. Just share your experiences.

Fidelity is an innuendo group. Whether you're struggling with emotions, or need support through a hard time, this is the group for you.

Welcome To Fidelity

"My whole thing is loyalty. Loyalty over Royalty; word is bond"

Fidelity is an invite only group, meaning no recruitment's are or ever will be opened. The subforum will be a special subforum to vent and bond with others with like minds. Same rules apply as above. You will be following my personal rules, not the rules of Harmony in general.

Buyin Price

If you pay with Bitcoin, the price is \$40 USD.

If you pay with PayPal, the price is \$50 USD.

Message me if you have interest in buying in.

Juicy - September 15, 2017, 6:52 pm

Thank you for the kind words guys. I have great plans for both of these subforums.

Why would someone buy into a group that's for sale?
