He's not giving you your money back lol.

If he didn't refund the others he scammed then he won't be refunding you. Might as well do what you gotta do.

Baba Yaga - September 28, 2017, 11:44 pm

First off, why would you deal with him if he had open scam reports in the first place? That's like asking for trouble. Regardless if he's r3kt or has 1k rep, history should always be taken into account before anything.

Hope you recover funds OP

Bloody cunt ?

Biggy - October 6, 2017, 10:17 pm

I do feel bad that you are short of money but I gotta be honest... It's unfair to put him in the situation in the first place... Making him charge back and all. He shouldn't need to do all those things as that's your responsibility.

But either way he still went through with it, so it's technically owed to you. Hopefully you get it resolved.

Damn, sorry for your loss OP.

I remember doing a deal with you and everything was fine, you didn't deserve this.

Career - July 3, 2018, 8:02 am

Like I said before and like I've been telling you over the past few days via PM, it was your fault my account went negative in the first place, not mine. You can go ahead and do as you please. You weren't scammed and you know that. We both lost money because you were stupid and decided to change the terms after being charged back on by other users. Don't worry, I'll help you keep this at the top.
