This series been on my PTW list since ever, finally made the decision to get rid of it (by watching). However I can't really seem to understand the best order to watch it, asked couple friends and they all gave different answers.

What order to watch do you guys suggest??

F/Z then F/SN m8

you're better off fapping to doujins of saber tho

Someone made a thread on this the other day, just going to link you it for answers so I don't have to re-do anything:

I like animes with blood and violence. So its my reason why I watch it.

chronologically

F/Z

F/SN

the order they releases

F/SN

F/Z

So its pretty much up to you if you want to watch them chronologically or in the order that they released in. Other then that its a really good anime that i thoroughly enjoyed

You should also watch the latest one when you finish those.

The Ufotable Fate adaptations are really good, everything else looks pretty mediocre.
