Thread: [I gambled a dollar I made...](#)

Supreme Kai - September 18, 2017, 3:11 pm

This was a while ago but I still want to brag here on HF. I had a dollar on my account so I thought let's see if I can make this impossible bet happen.

Soccer fans like myself will see how impossible this bet really was ?

I made 1200 of it ?

The website I used is called UniBet.

You need to copy the image location for embedding images(by right clicking on them); you're just copying the gallery url. Try this:

Also, congratulations! I wish I had that kind of luck, lol.

Lmfaoo.

Should've put 10-15\$ OP.

Baby Groot - September 19, 2017, 1:18 pm

Incredible amount of profit one, I wonder if you'd get a bet like that again.

Should've done 1000\$ but would you bet 10\$ for a match that you are most likely are going to lose?

Remember PSG didn't lose a single game that season until this particular match.

SIM-1980240 - September 19, 2017, 3:20 pm
