I am able to help you and my E-Book has working methods / ones that I made up. I will not refund for the E-Book because I can't have people purchasing the methods then just refunding.

If the Mentoring really does not work out for you I will refund no problem.

If you want to PM me I can show you proofs of 1k+ a day or payments over a month if you like. A whole year of transactions will take me forever to provide so I really don't want to do that lol.

If you only want to purchase the mentoring there is a purchase link for the beginner version on the OP. This will cover all of the basics and setup along with some traffic. I'll mentor you as long as it takes you to understand and earn the investment back.

I also offer a more advanced mentoring which is 15\$ an hour, and would be a one on one session teaching you my methods or improving anything you want to improve on that i'm well versed in.

Some of the money is claimed on taxes, though not all of it. Here in Canada you're allowed a certain amount of gifted money.

Just purchased and only after a quick look it has given me a couple ideas I could try out. This eBook would be an absolutely great start for someone with absolutely 0% experiencing eWhoring. The book is written well, and everything is easy to comprehend. I will certainly be trying out some of these things and potentially adding my own spin on them! Would recommend to newbies and intermediate eWhores! Hope to purchase more from Kelsey in the future, great high-quality user!

The \$40 mentoring is mostly just beginner traffic, and helping you get set up or earning better than you were before.

The E-Book contains some methods that aren't necessarily for beginners.

My hourly 1 on 1 mentoring helps with specific unsaturated methods, but is for people who are quite experienced.

I'm interested in your ebook, for \$15 it seems reasonable, I have ewhored before so I do not want a straight forward ebook which shows nothing unique. What can I expect from this ebook, do I get any support, how much can I expect to be making with 2-3 hours work a day. Please get back to me.
Thanks

Hey there, Thanks for the inquiry. \$15 is a price I thought was suitable for the information provided. It has some SE tips as well as private methods I have personally came up with, and a couple basic things as well but very short sections on the basic things. The buy is certainly worth it. With the methods you can earn hundereds if not thousands if executed correctly.

Support would be more for mentoring / the pack with verifications.
I suggest giving the book a read and deciding from there if you want to work with me / use the other products I offer to your advantage.

Ah, well I'm saying that I make over 100k a year.
The methods & packs depending on how you use them can certainly earn you that much as well.
Though I am not promising every single person who purchases will make 100k a year. That's up to

how you use the products! But my pack alone seems to be what earns people the most! Generally whoever purchases my pack earns what they paid back the first day!

My Name is KelseyM & I make over 100k each year E-Whoring. I have finally decided to share my methods, tips, and tricks that I think are essential to the E-Whoring community. Yes, it's time to give back! Wether you are an E-Whoring Noob or Pro, this book has something for you.

I've included many methods for traffic, including a couple I made up myself. There are even some methods I personally use to get 100% unsaturated packs.

Anyway, be sure to let me know if you have any questions. I accept BTC, Paypal, and ETH. please don't be LQ and leak this if you want it to stay unsaturated and helpful. here is the purchase link below:

[>>CLICK TO PURCHASE KELSEYM'S E-BOOK 14.99\\$ NOW \\$9.99<<](#)

Also, as i'm sure some of you are wondering, yes I do still sell my E-Whore pack I made of myself. It's still got lifetime verification, and the price is now \$79.99, it will never go on sale and the price will never change. Each copy comes with one free extension.

For those that don't know, here is what it currently has roughly:

- 200 nudes
- 200 semi nudes
- 50 verifications
- 5 daily life pictures
- Broad verification videos
- Masturbation videos

- Lifetime verifications (just message me on discord)
- A specific outfit photoset

Here is a link to purchase:

Last But Certainly Not Least

I offer mentoring to new / mid level E-Whores. New E-Whores who need to get set up and learn to make the transition into earning money with E-Whoring for the low price of \$39.99, I'll personally mentor you until you earn more than the invested ammount on [discord](#), after you have purchased you can send me your email there or on HF by [PM](#) and we will get started.

Alternatively I offer advanced classes for 15\$ an hour where we cover methods, and I can answer any questions you have or teach you how to do something you want to work on better. You can message me for more information on this.

Hi Kelsey,

Brand new member to the forum. Just recently purchased your pack. I'm extremely impressed and satisfied with it. Thank you so much! I have a few questions I'd like to ask but as I said I'm a new member so I can't send a pm yet. I tried to reach you on the discord app you mentioned but it states "the invite has expired" if you could send me a pm or let me know your discord username that'd be great! Once again thank you! This pack is unbelievable!
