Thread: [\[WTS\] Overwatch High Master Account \[3.8k\]](#)

?¢?????-???? - September 26, 2017, 12:28 pm

Looking to sell my alternate account.

It's ranked 3805 last season and with the new season update no matter how many wins/losses you have you will still be around 3800 SR or higher.

I don't have the time to play on two accounts so I decided to sell this one.

It's got one golden gun unlocked, Genji.

The account also has 5819 competitive points. You can purchase one golden weapon of your choice and a second one if you get an extra 200 CP which doesn't take long at all, a couple wins.

It's got 15 unopened loot boxes and 3 summer games loot boxes.

I will also provide the original email for the account.

Looking to sell this account for at least \$125 but open to offers.

Accepting BTC and PayPal if you have a good reputation.

You first or we use MM

The price is actually pretty good.

I don't remember how it works - are OW separated in regions, like in Hearthstone?

Never played hearthstone but you can play in any region.

I am considering buying it, even though I have my own account.

I only have PayPal though. Would you accept PayPal if I confirm it's my PP through ID verification?
