Air Force 1's are nice, I have to give you that. I'm wanting to cop the new Air Max 97's SK.

Currently none, but I'm thinking of buying [Crep Protect](#).

Millimeter Peter - September 28, 2017, 6:27 pm

Most I've spent on shoes is \$700~

These shoes are pretty fucking beast for the price and if I would have to guess without knowing the price I'd guess around \$300~

Obdurate - September 28, 2017, 6:31 pm

Those are dope.. if you want to, you should start reselling shoes.. you can make a lot for a little bit of work. For example, a month or 2 ago i bought a pair of yeezys for \$220 USD, and when they came in, i put them up for sale for \$600, they sold within a week :)

If you do want to get into it and need any help, PM me

HuntedCS - September 28, 2017, 6:48 pm

Don't care for the look personally, but that is still nice man! Enjoy them for sure! :)

You really need to try a shoe with Boost, it's fucking amazing to walk on. I'm thinking to buy some Vans tho, just because they're pretty casual haha
