Thread: [PVA/SMS Verifications ^ 60+ vouches ^ #1 on HF ^ 40 cents ^ US NUMBERS ^ NON-Voip](#)

Skyion - September 29, 2017, 8:22 am

This service is for SMS verifications!

Prices

Spoiler [\(Click to View\)](#)

50 cents per verification for 1 or more verification

40 cents per verification for 50 or more SMS verifications

30 cents per verification for 100 or more SMS verification

All numbers provided are U.S numbers.

If you buy in bulk you do not have to use all of the SMS verifications at once you can save them for later. For example if you purchase 20 verifications for 10 dollars and only use five. You can come back... Let's say 2 weeks later and use another 5, the verifications you buy never expire!

And it seems he's on a scamming spree unless he proves the opposite by providing the noobs with what they paid for. It's sad for HF that low life scums take advantage of noobs to gain some low wage country amounts lmao. Get a job people or try acting professional the freaking least..

I don't like it when people contact me to doxx 25\$ scammers -.-
