Yes, they can be.

Some people don't want to buy a 12month if they don't have a lot of time to play. I personally bought 1 month at a time cause I hardly play console.

Do these not contradict each other?

Culprit Walrus - September 30, 2017, 2:06 am

Do you offer vouch codes ? I'd be very interested to test your service.

Thanks.

These are obtained in a white-hat manner. I've answered all these questions in posts before. Please read the thread next time.

I find it really sketchy that your last to terms of services are together. "I take no responsibility for anything that happens to your PSN account after you purchase. These codes are all legitimately obtained."

Why would you add a disclaimer say these are legally obtained but make sure to add that if something DOES happen to your account it's not your fault. If these are actually fully legally obtained that there would NEVER be any issues ever related to this. The fact you have these together like that make this seem really sketchy and fucked.

INCREDIBLE - October 2, 2017, 7:20 pm

Will they work for Playstation Now? I need to be sure before I buy one.

Zink - October 3, 2017, 12:52 pm

Shout out to this guy, Purchased 3 codes from him. Just used 1 and its legit. Do not hesitate to purchase from him, hes running out. Might buy more tbh.

I put this on here for the specific reason that people can get for banned for other reasons completely un-related to this. These were all obtained from a promo which is no longer. The codes, however, don't expire and work flawlessly.

These are a 1-Month Premium redeemable code, not sure what you are asking.?
