Loving that edgy teen reply approach you took there, we have the first "lol", followed up with a pretty bold and tough statement with a curse word along with a nice and toxic "LOL" at the end, wew ^_^

If I were you, I wouldn't go around calling others "edgy teens" since you seem to fit that description pretty well.

Spoiler ([Click to View](#))Just a thought. ?

Jimmie - October 1, 2017, 5:38 pm

You just released it the server couldn't have that many mods.

Search the mods names on leakedsource and you can find these instantly.
