Thread: [Snapchat earnings 12.5k this month / 4.5k this week](#)

**Autophobia** - September 30, 2017, 9:08 am

align=center]ive been told that some of you guys are getting pmd offers from somebody claiming to offer mentorships at a cost, I highly do not recommend this seeing I originated this method and the guide I gave for free in the giveaway section is NOT enough to generate this type of income. The only people who have any type of knowledge on how to make a real monthly income is my mentors where I share a lot more info that is NOT in either my paid ebook or my free ebook. You have been warned [/align]

Figured I'd share my updated Snapchat earnings now that this month has come to a end.

Spoiler ([Click to View](#))

[make url for image](#)

I gave this method away for free for about a week then stopped because it grew to annoying to reply to so many people a day on top of my Snapchat account but I have been mentoring 3 people the last week and from my knowledge 2 of the 3 people have made a couple hundred dollars in the last few days off my method so that's pretty cool.

Possibly starting another mentor pretty soon who knows .

i replied for that to see how to do it and never received it, gg

What niche is this, lol?

Never seen anyone use Snapchat for Shopify marketing before

Yeah I stopped sending it maybe a page and a half before I stopped the thread. People where getting to annoying constantly asking for help when it was free and I figured it just wasn't worth the headache so I just been selecting people I tend to like on here to learn how to do it.

It's a sexual niche. Not really ewhoring but it's sexual. I use Shopify for fan merch and to sell a uncensored Snapchat account username.

This dude knows exactly what he's doing and has clarified a few things for me to get me going. He's the man.

**funtela** - September 30, 2017, 9:49 am

Damn, dude. I knew you made a lot. But not this much lol.

This is honestly the smartest person I have ever met on HF. I don't usually talk or FaceTime with people here. But me and OP have been talking at least 3-4 times a day for the past 3 days.

This guy is a genius. I don't know anyone who thinks outside the box like he does.

I'm one of the ones he's helping, and I only started about 72 hours ago:

These are incredible earnings for only doing this for 3 days. I'm so grateful I met this guy.

Also, don't PM me regarding this. This is not my method to share.

I lost everything I owned 3 months ago, and got scammed for my last 3 months of salaries from my old employer. So I'm pretty broke right now.

Still trying to figure out what I wanna do, but this would surely help

I was one of the lucky people who got his free ebook. This shit is stunning. Sadly SC works like shit on my phone and I can't really invest time in it without getting a bad headache.

Also, I'm a bit lost about some stages of the method. If you'll make other mentoring sessions in the future, take a chance to consider me :D

The reason why you're a bit lost is because I made that ebook in less then a hour it was poorly written but had enough info for someone to make a lot of money off it. I've invested a lot of time learning every little trick in the Snapchat game to maximize income. If I was to ever write another ebook it would prolly go in the marketplace with a mentorship and only allow 2-3 people at a time or something. In very unsure what I plan to do. Maybe make it the guide with no support again but for hq upgraded users with requirements to eliminate a lot of the people who ignored the fact I wasn't giving support if I was giving it for free. I'm very indecisive atm

**Aedan\_** - September 30, 2017, 11:41 am

I know you said that you're selecting users that you'd like to mentor, but if you were to choose me I'd be fully dedicated to this and would work extensively hard on making these profits. I consider myself a quick and efficient learner so you shouldn't have many troubles on teaching me.

Let me know if you're interested, I sure am!

**Autophobia** - September 30, 2017, 11:45 am

I think people got confused when I said I was selecting members to mentor. I did not mean I was picking users off This thread I meant just in general I'd be picking people I found fit for it overtime like how I found funtela or w.e his name is. He was one of the people I gave my ebook too and we talked for a bit I deemed him a chill dude so I helped him. So please chill on the pms bcz I was gone for a hour and had 30 unread lol. I should of worded that better. I'm unsure what I'll be doing. If I'll drop another free method . A paid method. Or a paid method and a mentorship I have no idea at this moment it's all ideas at this point.

**Supreme Kai** - September 30, 2017, 11:53 am

This looks like a great method congratulations OP. If you still want to mentor someone then hit me up :).

**ChingChang** - September 30, 2017, 11:55 am

So they just pay off their card instead of PayPal? You cut out  
Paypal completely? This method is it worth it for just that one reason. And you do this on auto? Like  
you don't gen message people or ask? Do you use snapchat++? How long have you been doing

I don't use PayPal at all. I run this like a legit business I pay taxes on it at the end of the year etc  
etc. this could be a full time job. I've been at it for under a year but I run 7 accounts pulling in money.  
The profits in the pic on the thread is my biggest monthly earning account. It all depends on how fast  
you can build followers . If you can build 1k views per snap in one week then you'll prolly pull 500 -  
1k the first day of sales. Etc etc. in my old method I gave one small spreading method. But I've one  
some of the guys I mentor gain 3k followers in one week. It's all about dedication and seeing he's 16  
and no obligations he has the time to spend on it .

**Calogero** - September 30, 2017, 1:20 pm

Because I'm not a crook. If I do make a marketplace thread I more then likely will be offering mentorships with it or just basic support such as answering questions and I want to make sure I have the time to do so.

A lot of these people make methods and throw them in the marketplace and call it a day and neglect everyone who buys it. I know I'll get 100s of sales because my shit actually works and people on here don't know me from a grain of salt stand behind me telling me how my bare basic free method gained them a lot of earnings in such a short period of time.

With all that support from the free very basic method And how many messages a day I get telling me how they'll pay whatever it takes to get my method I know I'll sell a insane amount of them. So with all that being said is why I'm questioning if I should because it will eat up a lot of my time I have to sit back and think am I really ready to possibly mentor 100s or give basic support to 100s.

**TheDabDoctor** - September 30, 2017, 7:50 pm

I'm very greedy when I say this but, don't. I feel the method could be easily found out with some simple thought.

Edit: On second thought, if you feel like it won't impact YOUR earnings, I guess it doesn't matter.

fair point. if giving your method won't make it saturated I think you can teach 1 or 2 members and hire them to work with you on mentoring. All in all it's up to you, the method looks very promising.

Hell any person who watches any of my Snapchats know exactly what I'm doing. What I'm doing isn't the secret it's how I'm doing it. How I gain 1000s of the targeted audience. How I keep people engaged. I have been doing this quite a long time and I've seen big accounts crash and burn, I've see accounts never make it to 1k followers. I've seen accounts with 50k views per snap not make 100 dollars.

There's a lot of hard work and dedication to do my method successfully.

Sexual niches will always sell so I'm not worried about saturation.

Also I've established my following on multiple accounts so I'll always make this income as lone as I keep up my account

This is not ewhoring. They know you're a guy. in some cases you're part of the account such as vlogging etc etc this is a option. You can brand yourself while building your account. think of a youtuber with a sexual niche.
