What ICO coins are you most interested in? If you dont see one that interests you, select other and comment it. I will be doing a analysis on the coins

[BitJob](#)
[Maecenas](#)
[Domraider](#)
[Herocoin](#)
[Paragon Coin](#)
[Adshares](#)
[Snip Coin](#)

Previous Coins analyzed

I have already done

[Paragon Coin](#)
[Snip Coin](#)

If you guys have any ideas for other coins comment or PM me and I will create one. I will be creating a lot of content around crypto, and am working with a few amazing services from HF surrounded crypto.

I hope you enjoy

I have not looked into the white paper but the ICO about arts look nice. Nonetheless, I am just starting to think about investing in cryptocurrencies (also because I recently got a high-paying job) would you mind mentoring me a little bit about it?

Not necessarily talking about speculation, but I do have some question about the ecosystem though, that would be nice of you ?
