Thread: [Follow my Snapchat earnings for 30 days! Currently nearly 4k in less then 48hours](#)

Autophobia - October 2, 2017, 7:44 pm

ive been told that some of you guys are getting pmd offers from somebody claiming to offer mentorships at a cost, I highly do not recommend this seeing I originated this method and the guide I gave for free in the giveaway section is NOT enough to generate this type of income. The only people who have any type of knowledge on how to make a real monthly income is my mentors where I share a lot more info that is NOT in either my paid ebook or my free ebook. You have been warned

Figured since i made the previous post during the middle of the month that i'll show a start of a month til the end so expect some more updates !

Hoping to reach 15k a month on this account this time around, the previous post i believe i hit 13k or right under after shopify fees.

I have 6 other accounts i do this on but all are 5k a month and under so they aren't really worth following the earnings of.

That is an insane amount to be making. I wish I could make that much.

Lofti - October 2, 2017, 8:08 pm

Let me just say this user is absolutely one of the most genuine, HQ, coolest members on here.

I've made 1.4k in 7 days from this method. I can't thank my dude more. I hope to get up to where you are one day. KEEP KILLING IT!!! ??

Edit: Earnings from today, basically autopilot

Edit x2: I made this amount from the FREE eBook. Imagine if you bought the mentorship... For real, probably the only SERIOUS method on here that makes SERIOUS money. Do not hesitate to get it I PROMISE you you'll make your investment back.

Are you getting paid to be his frontrunner or a multi?

I'm not getting paid to do shit. This dude has helped me more than any fucking member has on this forum. I'm sitting here freaking out that I've pulled in a grand and a half in a week... Swear to god I don't work for him.

I've bought Sonex methods, Fade methods, I've grinded this forum looking for methods, and yes I've made money, but this is so easy and It's happening so quickly.

I have 7 rep, why the fuck would he pay me lmao.

It's prob my fault for coming off fake as fuck but I'm just happy lol. I'll chill out.

(Oct 2, 2017 08:27 PM)schi Wrote: [\[CITE\]](#) Are you getting paid to be his frontrunner or a multi?

I'd assume you haven't been following my previous posts. I've helped many hf users by releasing a free guide about two weeks ago and on my bragging rights thread sometimes they share their results like funtela did and many others.

I'm not paying anyone anything. Even if I was I wouldn't pick a man with less then 7 rep to post on a bragging rights thread when I've helped way bigger members here.

(Sep 30, 2017 09:49 AM)Funtela Wrote: [\[CITE\]](#) Damn, dude. I knew you made a lot. But not this much lol.

This is honestly the smartest person I have ever met on HF. I don't usually talk or FaceTime with people here. But me and OP have been talking at least 3-4 times a day for the past 3 days.

This guy is a genius. I don't know anyone who thinks outside the box like he does.

I'm one of the ones he's helping, and I only started about 72 hours ago:

These are incredible earnings for only doing this for 3 days. I'm so grateful I met this guy.

Also, don't PM me regarding this. This is not my method to share.

Awesome job bro. I was doing this a while ago before you could swipe up to visit a link and still made good money.

Thor Odinson - October 2, 2017, 8:55 pm

This is awesome! Are you just selling products?

Yeah I have been doing this during that time also. It's honestly easier to open a Shopify store to sell due to being able to have a custom domain. A easy domain is just as easy as swiping up imo

Do you have to use shopify? Can you use Woocommerce/Wordpress?

You can use whatever you want I just use Shopify due to the fact I also brand myself so I sell fan merch such as shirts too.

Extremely interested in your methods, going to follow this thread closely, hopefully you reveal more info other than your free guide. ?

Keep up the great work.

I gave out a basic free guide to give people a idea two weeks ago for free for 3 days with no release rights. Whoever got that during that time has the basic knowledge to make some money doing this. Currently not giving that out or any other methods at this moment

Why are you using Shopify bro?

I have a video sales page + stripe and I'm banking HARD.

You can get a shopify trial for the CSS, copy the site design, then basic nodejs for stripe integration.

Not sure if you're on a discord or whatever, but would love to discuss this. I'm scaling this method highly atm and also banking very hard.

G0SU - October 3, 2017, 10:40 am

Is there other option besides Stripe, since I don't have it in my country and I get complains that ppl don't have pp and want CC?

I use it for their easy access to print on demand services for fan merch . I like to brand myself not just the girls

That basic method was not suppose to get someone who doesn't think outside the box a ton of success thats why it was FREE, It required a'lot of thinking and or help from me to get working properly. Nobody is going to spoon feed you 1000s of dollars for free.

As for the one spreading method i gave you about sfs camgirls i litterally had 2 sfs accounts under the sentence use camgirls for sfs for you to add it is not my fault you cannot follow a method on your own nor is it my responsibility to help you with a method i gave for free two weeks ago that stated it was for free because it was a poorly written method and offered NO SUPPORT. Please do not use my bragging rights thread to complain about a method you don't understand nor wish to follow.

i have sen your snapchat, was in there. you upload LQ photos/short vids that can be obtained from ewhore picture packs to your story.... with what? snapchat++ ? there are white borders around them, clearly they arent live snaps... and again, LQ... so that questions their sincerity for me.

ok. im not gona give you 500\$ for a couple of information, man. if you didn't blocked me, i would pm you.

Nobody asked you to give me 500 dollars all my mentorship spots are sold as of this morning. I've said this many times anyone can see what I'm doing and not be able to do it. There's a long process to be where I'm at. If the process was post lq pics on Snapchat and sfs then I obvsly wouldn't be making any money. There is a process that I don't give out to people just suck it up man. I'm not answering any of your questions as stated previously. That is the exact reason why I stopped giving away the method I do not want to be bothered spoonfeeding people information.

Closing this thread for the same reason I closed the free method sorry guys. I'll be making a discord soon for people i select.
