I really like the current one, huge improvement compared to the one that you previously had.

I like the new one.

The older one was too flat and basic.

That design is so dope, I love it. 9/10

Eaesi - October 3, 2017, 6:50 pm

It works I guess, nothing crazy. Just some text thrown on a google wallpaper. Assuming you made it yourself though - it works.

Haha, thanks. I actually needed some criticism from a GFX designer so I can improve! Thank you!

oRequiem - October 5, 2017, 9:07 pm

Current one is really good! Maybe try making the background with a blur?

lordturk - October 5, 2017, 9:17 pm

Current one is so much better bro

Yandere - October 5, 2017, 9:19 pm

I like the new one but I like the older one more.

Autophobia - October 5, 2017, 9:36 pm

Call me strange for not agreeing with everyone but I really liked the first one alot more

luv. - October 5, 2017, 9:37 pm

Why's the font so blurry?

Kinda throwing it off.

eloimuns - October 7, 2017, 3:37 pm

imho change font family for one that has more bold without full bold.

FluxCoder - October 7, 2017, 4:29 pm

I really like your current one, it's pretty nice!

You seem to be very skilled.

Mullet Muscle - October 7, 2017, 4:31 pm

The current one is a huge improvement but I just don't know if the diamond plate background matches with the style of the text.

It looks good overall though ?

DAMN! That's a nice upgrade! Very nice

F?cqle?? - October 10, 2017, 5:42 pm

I really don't like the background on the current one. It's too busy and the color difference draws away from the text. Try something simpler and lighter.

That's true, I might try a different background, thanks for the suggestions!

I'm just gonna be honest with you.

I'm not sure why everyone says that you must have talent because it's just some text on a wallpaper from google.

No real design is done here.

Sorry OP.

EGoyard - October 12, 2017, 12:38 pm

New one is definitely better my man... My one piece of constructive criticism would be that maybe the name 'Excalibur' could be done creatively like the letters overlapping. Just an idea... 8/10

Good call, i'll try that. Thank you!

xEcko - October 15, 2017, 12:09 am

I like the old one, its more clean and simple.

imscheurkie - October 15, 2017, 10:28 am

NGL the background on the new one looks a little weird. Maybe try a carbon fiber pattern and post that for us? I think it might look pretty good.
