Thread: [invalid scammer reputation | Reputation System](#)

Changement - October 3, 2017, 1:27 pm

Hi!

The user claims that i have scammed him when i have not recieved any payment in any form from him. The user left an invalid scammer reputation and accusing me of scamming in my sales thread. The user will not modify his invalid reputation

I had to back off from a deal and he was fine with it. We never continue with the deal or any payment, i feel like he is destroying my reputation as a graphic designer on the forum. I have followed the instructions as the Help Documents states.

The users profile is: <https://hackforums.net/member.php?action=profile&uid=3711479>

And i have reported a post he did on my thread wich was removed from a staff, but he still continues.

A 2012 member shouldve known that these things should be reported to Omni.

Since he refuses to change the reputation you should be reporting this to Omniscient, not make a thread here my good dude

How do I report an invalid scammer reputation?

We suggest you send them a Private Message informing them of site policy and the consequences unless they alter the reputation within 24 hours. Give them that time to alter it. Do not report the reputation to an admin until that 24 hours has passed. Do not threaten the member in the PM. Instead copy/paste this:

I am sending this PM to you because you've given me an invalid scammer reputation. Policy dictates that I send this text to you. HackForums policy requires that all scammer inferences in reputation require a link to a Deal Dispute forum thread that you have created. Either you didn't leave a link or the link you did leave is to a thread not created by you. As such you have 24 hours to alter your reputation to be within policy. Failure to do so will result in your reputation being reported to an admin which can result in severe action against your account. If you'd like to confirm this policy please read this help doc:

If the user is not changing it do as the guys above told you.

He should link to one of his own personal disputes to make it a valid reputation.
