Thread: [How can I turn my Gift Cards into currency?](#)

La Quica - October 4, 2017, 2:12 pm

I have a huge stock of Gift Cards including:

Finish Line, Whole Foods, TGI Fridays, Cinema Cafe, P.F. Chang's, Panda Express, Papa John's, Hillstone Restaurant, Cracker Barrel, Shake Shack, Hooters, Logan's Roadhouse, Red Robin Canada, Quaker Steak and Lube, Dollar Tree, Chevron and Texaco, ExxonMobil

And other brands as well, but those are the ones I have the most values in - does anyone know how I can turn it into currency?

Looking for partners, buyers, re-sellers, and anyone else who can help turn these into currency, make sure to hit me up if you have any interest - you won't regret it!

Send me a PM on where I can get in touch with you!

Papa John's gift cards does not work in the UK, unless you can use an app such as SamsungPay/Stocard and apply it there.

Looking for people who have connections to sell in BULK.
