Thread: [Free Python Programming Service](#)

**Woes** - October 4, 2017, 8:07 pm

For tonight only, I'll be making some free programs for everybody who needs something made.

I have experience making account creators, scrapers, account crackers, etc.

PM me with what you need and I will try my best to fulfill your order!

**Jake????????????????** - October 4, 2017, 8:13 pm

I'm first in line fuckers!

If you can make me a program that Unfollows users on Instagram meeting IG's rates so that I could leave it open on my computer all day and it would unfollow until there are no more to follow, I'd blow you. Fr.

**?Astronaut?** - October 4, 2017, 8:42 pm

Can you make me an Instagram account cracker?

**Numinous** - October 4, 2017, 9:13 pm

I need a simple wordpress password bruteforcer tool  
can you program?

**Copywriter** - October 4, 2017, 9:14 pm

can you code a supremenewyork.com checkout bot that autofills checkout info such as CC, address, billing, name, and all that good stuff

**Woes** - October 4, 2017, 9:16 pm

Supreme has an insane system in place just to prevent botting. I suggest you just do it manually, that's what I do and I get pieces almost every drop.

Eh.. You'd need really good proxies, and last time I tried to cop with a bot, just got a bunch of errors lmao.

**Sonata** - October 4, 2017, 9:46 pm

Can you make me a snapchat tool?

account creator, username checker, account cracker!

anything you can do!

Thanks so much for doing this!

**Woes** - October 4, 2017, 9:47 pm

That would be so awesome..

If you mean a way to log in via browser, [here](#)

Looking forward to this so much!
