Thread: [Reputation Abuse & Gang Rep.](#)

Nadisty - October 5, 2017, 4:52 am

Hello guys. So I'll get right down to it.

A member [EJIRE uid=3501206](#) made a thread (<https://hackforums.net/showthread.php?tid=5727072>) about being infected with another HF members software, so I took a look around and the person who's software it was I gave them a neg rep. So out of the blue I receive a neg back, thats fine. So the members in question for the gang rep are;

[Pharmacist - UID=2600686](#)

[mehtevas - uid=3206518](#)

[Splinter - UID=3354049](#)

Lets take a look at my reputation Spoiler ([Click to View](#))
ah so it's his friend?

What about EJIRE's reputation?

Spoiler ([Click to View](#))

It's been changed now so this is his reputation again

Spoiler ([Click to View](#))

What about pharmacist rep? Spoiler ([Click to View](#))

Here's pharmacist given rep (he's put me on ignore) Spoiler ([Click to View](#))

What about mehtevas? This is his rep Spoiler ([Click to View](#))

This is his given Spoiler ([Click to View](#))

Splinters rep Spoiler ([Click to View](#))

Splinters given rep Spoiler ([Click to View](#))

Rules have it, your not allowed to call someone a scammer unless you link a thread made by you in the description, so why has he?

Spoiler ([Click to View](#))

So it would seem a sudden case of fake vouching, rep farming rep abuse & gang rep are bundled between these 3.

GOD... please report this to Omni

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

Sad to see this happening on you mate.

This looks like a slam dunk to me. Clear case of abuse when it comes to the invalid scammer reputation rule as well as others. Thanks for reporting and be sure to forward this to Omniscient.

Here's how this went down:

EJIRE said that mehtevs tried to infect him.

Myself and Splinter had been scammed by EJIRE and therefor we really don't like him, nor do we think that mehtevs tried to infect him.

Nadisty left reputation on Splinter saying that splinter tried to infect him, which he really didn't.. No idea where he got that one from, and I negged him for it.

Afterwards, Splinter left ~ reputation on him as well.

I wasn't asked to leave reputation on him by Splinter, nor did I ask Splinter to leave reputation on it.

Also, yes I did leave the reputation on EJIRE and I haven't made a thread, I'll correct it considering it's been a long time and I no longer have the proof to make a thread. -It's been corrected, I did it and I'll take responsibility for that.

That's my part of this, anything else I have no knowledge of. I will say the no one has ever asked me to rep someone, nor have I ever asked someone to rep me. I'm friends with Splinter and I've also talked with mehtevs a few times and done a bit of business with him, that's about as far as that goes.

This was the story

almost a yr ago 2016 i meant Pharmacist and one other guy outside HF which they made an sms sender for me and i paid them 300\$ for and i will pay another 300\$ if i want the source well i told them to let me pay 300\$ 1st to test the program which i did but when i test it was not working fine they said need to pay for upgrade i told them they need to upgrade it before any other payment they said they need proof i show them my btc account but 3 days later they them me another program but i notice after they send me the 2nd program and i open it each time i try to send btc to someone the address will change which i told my friend Tommy and he said that is btc stealer which i confront them they start abusing me and so on .. so we block each other cut the long story shot i meant mehtevs here on HF to trade SMTP scanner for marco builder which we did but after that i got to know they are friend and i ask to come and refud for me but later i notice some my Skype was sign in another location and my discord i posted the ip here and i got a warning for it

I negged you because YOU left reputation on him saying he tried to infect EJIRE, when mehtevas was the one EJIRE was accusing of infecting him.

Myself and Splinter just don't like EJIRE due to past events, and since I've done business with mehtevas, I couldn't see him infecting anyone, on top of that the "proof" was shaky at best, my opinion that that still stands, I believe mehtevas found out that he was sharing the software via a 3rd party and ratted EJIRE out for it.

seems like you do.

i know Splinter since ages outside of hackforums.

He bought stuff from me and we worked together on several projects.

And if i disagree with something you posted i have the ability to give you a negative rep.

What is revenge rep and is it allowed?

Revenge rep is the practice of getting a negative reputation after you have given that member a negative. This is not against the rules. Clearly if you leave someone a negative, you can expect them to reciprocate. Think carefully about your choices when leaving reputation. If you fear revenge rep, then reconsider. Admins will not take action on revenge reps. Still, our no-flaming rule does apply to all reps given.

about me:

Spoiler [\(Click to View\)](#)

The rep I received is pure nonsense, can you remove it?

As long as the rep isn't abuse by our definition we don't care if it makes sense or not. "Goobe gooba doo" is a perfectly acceptable rep.

Gang Rep not allowed

Nadisty - October 5, 2017, 6:17 am

What is reputation abuse?

Reputation abuse can be very complicated subject matter. Here is a list of the following ways reputation can be viewed as abuse.

- Flaming: Using extremely coarse language to describe or berate a member.
- Reputation as a currency: We do not allow the buying or selling of reputations.
- Gang Rep: The act of coordination with other members to raise or lower a member's reputation is not allowed.

- Rep Coercion: Using intimidation, threats, or blackmail to get reps added or removed.
- Rep Requesting: You cannot give hints, tips, or request reputations.
- Scammer Reputation: You're required to leave a link to a Deal Dispute thread you have created to infer someone is a scammer (ie: scammer, scams, chargebacks, scamming). Please note that a Deal Dispute link must be your own thread you've created. It cannot be a thread opened by another member.
- Deal Dispute Linking: We don't allow you to link to a Deal Dispute forum thread that's opened by another member.
- Reputation Collusion: Agreeing to participate in reciprocal reputations with a member.

@Nadisty,

Are you not breaking the same rules on the rep you gave me? Unlike the statements I made that you can't backup that claim on the rep you gave me the reasons for this I did not do what you are claiming but what do you know. I would also take the time to say I sent you a lengthy Pm which I'm sure you did not read. This is beside the point read it reply, because again you will have taken the time to listen to the full argument and story. Not that it matters at this point.

I see how you may think I was part of a plot to overthrow him but in this case it's not and he gone someone were started shit then when he finally gets what he wants he start drama here saying people infected him because it come to helping him in the long run. The thing is I would not had bothered with this whole ordeal if the shit he started else would have stayed were it was. But this is not the case an unlike i guess many people here I will stand up for people who I know and I will defend against frivolous claims there is 0 proof in the information for 2 weeks before (for this drama) he has been egging my discord saying we hacked him or messed with him and or gave him shitty software. which again none of it is true. Because the out come he wanted was not there he started here were he had a better chance of getting heard.

Because it had nothing to do with HF nor the the claim Ejire started. Which the drama is around... so now that we have that wrapped this up. I guess we understand why someone who for the better part of his life was not on hf only shows up and started to mention things when an HF member tries to attack someone with no proof, no evidence, and the accuser admits to be a scammer and yet we are on trial for defending good HF members who we happen to work wit off site on different ventures.

and also may i add admitted to leaking the private product that was sold to him to be used only by him. We are some kind on villain.

there are more people saying he's lying about the accusation, no one can say such member did this. the 2 reps i have given to regards for this are one the the person making false claims and being a leaker stated by his own words, and say that yes he is a scammer.

and the other one for taking the time to read the PM i SENT him not to long ago and taking the time to read it (which is more of a hope than anything)

Now as for the claims of gang rep that stand against me on this thread I don't see any logical conclusion as to why I would qualify look at all that was said and see.

PS. not to be a dick to Nadisty but I am sure this is the wrong section for this thread.
