Thread: [How to Get Star Wars Battlefront 2 Beta for FREE](#)

Stixx - October 5, 2017, 6:28 pm

As some of you may know, the Battlefront 2 beta is going on right now.

I have a method to get free beta codes for this game, no purchase required. The beta ends on 10/8/2017 so if you would like to try this game out for free now is the time to do it.

I have tested this on PC, but I am 95% certain it would work for Xbox/PS4

Please either post below or PM me if you would like the method ?

Notice: Users have reported that EA has ran out of Beta codes, I can still send you the method if you'd like but there's a high chance you won't get one

For everyone asking, EA's website keeps going down and I am unaware as to why.

They are either fixing this method or they are getting their servers ready for the public beta, the latter of which is more likely.

Just check back on their support page every now and then and see if its up. If it is, hurry and make your account (should take no more than 2 minutes) and then you'll be able to play.

Funny how their support page goes down right after I make this guide :/

Gummy Bear - October 5, 2017, 11:49 pm

If this is the method I think it is, it will work for pc/xbox/ps4 as I've gotten 3 codes with the method. 2 being pc and 1 being ps4.
