Daki Nightmare PMed me about my AGC.de thread and offered me AGC.

He wanted me to go first to him or use a MM.

I agreed using a MM but he wanted to use people, that weren't offering a MM service officially.

After recommending Minimalist he told me I should go first or he wouldn't wanna do the deal.

I guess he was just trying to scam me from the beginning.

After I gave him a negative reputation he PMed me saying "we can exchange positive reps before I make this bigger" which is a threat I guess.

I'll include proof underneath this.

It's a shame to see people so willing to screw over a member of HF so easily lol

Thanks for putting the warning out there, hopefully no one deals with him after this.

Why did you send your friend if you thought that I'm going to scam you?

If he could find him, I would do the deal immediately but you cannot force someone to deal and im impressed, I exchanged a lot of amazon gift cards with you

Danny Khalifa - October 6, 2017, 8:26 am

Pretty smart, using a L33T with 121 reputation as a middleman while dealing with an UB3R with almost 400 reputation.

Really fucking smart.

I will never take your side if you're going to act like that.

I never take the side of someone who's sketchy, remember that.

I appreciate you using my service, but if you start being sketchy, I blacklist you from my service.

You're clearly lying. You never mentioned that and told me to go first.

I don't take any side.
I never do take sides.
But if I would be Jennis, and you would talk to me like you did in PM's to him, I would never deal with you.

Tell me a reason why he should go first to you?
You can always use a trusted middleman, I am almost all day online, contact me if you have any issues.

Mad Man - October 6, 2017, 8:57 am

lol that's what you call a " failed scam attempt" maybe next time buddy!

You're terrible at scamming. Maybe go to dispute section and take some notes from some other skidiots?
