Old thread vouches:

(Oct 20, 2017 08:11 AM)Pedge Wrote: [\[CITE\]](#) Asked user for a vouch copy and he agreed kindly!

As for this method i have had a read through the ebook it is well presented and easy to follow along,

From reading this i have thought of many different twist's and things you can apply to this method to make it personalised as well as targeted.

I have no doubt using this method you will definitely gain slaves.

(Oct 20, 2017 08:11 AM)stdbool.h_____ Wrote: [\[CITE\]](#) I have received vouch copy. This method is pretty simple all will work as advertised.

(Oct 20, 2017 08:11 AM)Lextian Wrote: [\[CITE\]](#) Bout this method and i can Vouch for this method, very simple and effective, will surely be setting this up for my miners soon.

(Oct 20, 2017 08:11 AM)D?ceived Wrote: [\[CITE\]](#) Bought this method and here is my unbiased honest opinion

Grammar:

The grammar in this method while reading it is very good with no spelling mistakes and very few grammatical errors!

Readability:

The method it's self is very easy to read and follow, nothing confusing that will get you lost and confused!

The seller:

The seller is a really nice guy and I'm sure will be happy to answer any wuestions or problems you may have!

The method itself:

The method itself is very good, simple and as far as I'm aware it's completely unheard of, it's very simple to setup and can is completely autopilot once setup with little to no work needed ever again! You can easily rake in around 35-50 bits or more depending on you and how much time you put in although all these bots are most likely very high quality and all real user pc's

You need to invest some more for achieving 100 300 slave per day :(

drillBYTE - October 10, 2017, 10:48 am

How much would you say is needed to invest to achieve those figures of 100 - 300 slaves a day?

MonetizeMaster - October 10, 2017, 2:10 pm

it will be going to advertise. It's totally up to you. You can self advertise too. my method is pointing an autopilot earning. If you want to work on it you can earn that 100 300 slaves easily I think.

Side Effects - October 10, 2017, 3:18 pm

How much worth of Monero do 15-20 slaves produces daily?

It depends on a lot of things. Like pc specifications, how many hour their computers open etc.

You can calculate it yourself too.
