What is this? A brute forcing tool?

Have 0 knowledge of cracking and hacking here, lol. Sounds only useful... for "research".

That's is correct.

It's easy to use which means you don't need any prior knowledge of hacking accounts.

Vouch for Regulus, and his products, he is always a high quality guy. I have not used his cracker, but I wrote my own cracker and he showed me the code to his and it was legit. GLWS

Thanks a lot boss for the kind reply.

Appreciate it a lot :)

I can provide you with a password list if you want.

That's not a problem. :)

bolbol_2244 - October 11, 2017, 3:33 am

Thanks a lot boss for the kind reply tnks good

Regulus - October 11, 2017, 8:49 am

Post any questions you might have about this tool here or PM me if you wish to keep it private :)

Regulus - October 14, 2017, 5:12 am

Hack any Facebook account with this fast and stable tool :)

mekulous - October 14, 2017, 11:17 am

I am interested in this but I think a youtube video will make this clearer. What combination is needed in the Username/password file? Do you provide proxies also. Thanks

Might consider making a YouTube video in that case.

After all, this is as simple as it gets.

I can provide proxies, no problem.

darkcritia - October 15, 2017, 5:27 pm

I'm highly considering purchasing this! :) Before I buy it could I have the proxies and a password list as well? Thank you!

If you want a proxy or password list I'll gladly provide it to you when you purchase :)

Even though this is not a part of the "package"

Regulus - *October 17, 2017, 10:53 am*

Send me a PM or post here if you have any questions you need answered regarding this tool :)

Regulus - *October 19, 2017, 11:04 am*

This tool is still working smoothly :)

Regulus - *October 28, 2017, 8:27 am*

Crack anyone's Facebook with this tool :)

Regulus - *October 30, 2017, 9:19 am*

Online and available to ask any questions if needed.
