Hello if you are looking for a personal/group website i can do this for you very cheap!  
my starting price will be: \$5 BTC

I will be working with one person at a time so that you will get the site how you want it.

Payments:

Once we talk i will make the website and once i am finished you will see it and then you pay me for the files. If you are uncomfortable sending \$5 then you can find a middleman.

Examples:

<http://www.witch.ltd>

<http://www.armaan.wtf>

If you have any questions or concerns feel free to PM me or add me on discord: Dusk#0848

TOS:

I can turn down the deal at anytime.

All sales are final.

The TOS is entitled to change at anytime without any notice.
