Thread: [UID - 229769 | Reselling Banned users Gifty | Future Backdoor files | Leaking IP's](#)

**U?para?ormal** - October 10, 2017, 12:57 pm

This is in regards to (<https://hackforums.net/showthread.php?tid=5734317>)

Previous Sales thread before ban (

<https://hackforums.net/showthread.php?tid=5733285&highlight=gifty>)

This is not really in regards to Effexion but he is selling a product for an off-site user who has recently been banned (DatGuyJex) Most likely a multi-user on this forum.

This may turn into a dispute, seeing as I've been Permanently banned for fighting against the Owner. 60\$ gone in a 12 hour time-span.

In the following pictures are the Owner

- Leaking Members IP
- Trashing his Customers
- Admitting to Backdooring his future releases
- Banning users "just because he can" despite them spending money on the product.
- He also refuses to do FREE updates despite it being said in the sale thread, that all updates are included with the 60\$ one-time purchase. If you wanted more modules you had to pay out of pocket.

I can vouch for this, I don't know who is at blame but I am basically the one who exposed him. Some guy name 'Cracked' on Discord has two discords, one that he used to message me with the GIF of the original program

<https://giant.gfycat.com/GorgeousEvergreenDinosaur.webm>

He sent me that.

I have the OG source codes and everything, if you google 'giftcarder program' you can find it as well.

**Tslam** - October 10, 2017, 2:16 pm

I called him out on discord but he's since cleared the channel.

He has banned anyone and everyone he suspects of defying him or his ideology.

Sad little boy.

**KappalsBack** - October 11, 2017, 9:29 am

BTW, you guys are idiots, i'm not anyone's multi, he asked me for a vouch which I did cuz well it works and he helped me on an issue with his program, so it would be kind of you to stop trashing my account when i'm not even related to him in any way apart from the fact that i spent some btc to get his program.

PS: I'm not interested in all this drama shit going on, grow up.
