If you still have any vouch copy, PM me!

juulstar - October 11, 2017, 7:59 am

It would probably work, and it's HQ!

I'd probably buy it, but OP, make the PDF look a little bit neater.

8/10 As the method works but it looks messy.
OP, when you clean it up a bit, solid 10/10.

Danny Khalifa - October 11, 2017, 8:00 am

I would like a vouch copy, let me know OP!

Antvvan - October 11, 2017, 8:17 am

Killy - October 12, 2017, 10:57 am

if anybody can have screenshots of making \$200 a day
I will strongly consider this

Reporter - October 12, 2017, 10:58 am

May I ask why you are selling this for \$14.99 if I can make minimum \$200 a day?

gky159 - October 12, 2017, 11:26 am

does it take investment?
and i need payment proof

istoc2012 - October 12, 2017, 12:07 pm

some reviews guys? there are a lot of people waiting for the reviews. the only person who are losing is the seller, maybe you have to give more

Windows 98 - October 12, 2017, 12:11 pm

Why do people ask for vouch copies and then post some bullshit review?

If you want a vouch copy, you should be writing a long review with proof of making money and testing the method...not "fix the design and 10/10 ok. i think it work"

If you want me to write a solid review and test it out let me know.

If you want me to write a solid review and test it out let me know. Exactly those are the reviews am looking for,

Reviews that are tested not just saying it will work in theory

TwisteD - October 12, 2017, 7:39 pm

Yeah waiting on some detailed reviews.

Xi Jinping - October 13, 2017, 10:27 am

Hey, if it would be possible I would like a vouch, let me now OP!

Bluffer - October 14, 2017, 3:38 pm

I've received a vouch copy of this eBook. My review contains my honest opinion about this eBook.

So first of all before anything we should note that at the very beginning the eBook notes "This method is ** ** and very unethical/blackhat. If you're not okay with that you shouldn't be here in the first place!"

I feel it's important that all potential buyers should know this beforehand, and I don't see OP making that overly obvious in his thread.

The method itself is an interesting one, using a method that is apparently known by some, it uses a unique way to make money in its own way.

The question remains will it make money? It certainly appears like it will but without trying the method myself I can't guarantee it. I do hope to try this method soon and post back here so all potential buyers can see it.

OP: Sorry it took so long to write this review, and sorry it's not more detailed, been lazy.

Sometimes eBook methods take quite some time to make money, or to setup. OPs often want a review up as soon as possible so you have to work with the method itself sometimes.

So this is black hat. What kind of trouble can you find yourself in by using the techniques in this method?

I guess I could answer this for you.

None it's just a little unethical.

JackintheboXXX - *October 16, 2017, 2:57 pm*

You wont actually be doing anything too black/ grey hat. I would stress over it, no one legally really gives a crap if you are using this.

Zolocaust - *October 20, 2017, 12:51 am*

you dont have a skype id?
