Wow, not even a single mention of Berserk.

Granted, the manga was exponentially superior, but I still think it deserves an honorable mention.

I've seen berserk, and stuff like that, I only listed my favorite 90.

I put it up on a thread so anyone who looks at it and says, "I've never seen this one" can look it up and try it.

Nyctophiliac - October 17, 2017, 7:50 am
