It's not real. Sure. But watching a magic anime is in more ways than one, thrilling.

Black Clover is gonna be litty.

People doubt it's potential, but Naruto started off slow as well.

Give it.... 10-12 episodes to really get the feel of it.

Targus - October 19, 2017, 6:36 am

Mahouka Koukou no Rettousei is pretty nice, there would be certain parts in the story that would throw you off but overall, it's good.

How can people not recommend Toaru Majutsu no Index? This anime/LN is a freaking masterpiece.

Honestly The Seven Deadly Sins is a better version of Fairy Tail in my opinion. Better jokes, cooler MC and just a perfect story. It has everything.
