Has this anything to do with SE? (Contacting the seller of the products).

Has this anything to do with contacting the sellers via these shitty chinese sites and offering them services for free stuff?

Galardowyn - October 14, 2017, 6:08 am

Putting an hold on my review as Audemar is willing to send me the platinum package now . I'll update when I'm done reviewing this .

Would this method work worldwide and also on higher priced brands like: Off-White, Stone Island, Balmain?

And would it work in stores too?

Dude offer some proof of any type or a vouch from a reputable member and I'll buy it from you. This seems super weird right now.

RyuDSwift - October 18, 2017, 4:30 am

very much interested, so looking for a review before I buy.

No vouch copies needed here.

Frost - October 18, 2017, 6:29 am

Does it consist of SE? Also does it work globally or in EU?

Curious as to why this hasn't been answered.

OP, the title says proof but the only couch you have is from a user you gave rep to a week previous to his reply. Might I add the rep does a good job at insuitating he is involved with the ebook.
