is this really free? Doesen't seem clear, maybe change your title a bit more

H3LL2 - October 14, 2017, 7:09 pm

There's always a catch when it goes out for FREE. Tried few FREE ebooks turned out to be helping the guy that gave the ebook instead most of the time.

Blue Shadow - October 14, 2017, 7:32 pm

There is no catch really he explains the method fully for free. However the method doesn't work nearly as well as he claims, and to summarize its about instagram marketing. It is profitable though if you're good enough at it so it may be worth the watch to a lot of people.

The training is completely free - yes... and it does work just as well as I've claimed ---- what we referenced works :)

I click the button but it just sort of greys the screen out. I'm quite dubious about the figures but wouldn't mind taking a look.
