Does this thread have any real purpose or are you subliminally trying to get people to attempt to dox the above users?

Trappy - October 16, 2017, 10:59 am

I don't even know who these people are.

How do you know they're men? Maybe one of them are female.
Are you assuming their genders?

Seems to me... He just wants someone to say, "Ha, I can dox anything lemme have a crack at it" and use the info they gather. Like leave it alone man. Thats the best idea.
