mybankisemptyy - *October 18, 2017, 4:11 pm*

Wouldn't it be better if you removed this: -> *The amount of available positions will become limited in the future

Subscribed because this is actually free, seen some of your calls and they were good. ?

Odd, I'll take a peak in an hour or so.

Currently 30 people subscribed, are you sure you didn't receive it?

edit: Just tested it, the confirmation e-mail works fine. Maybe your host is blacklisted by mailchimp

The redirect is harmless so will not put time in changing but thanks for notifying me about it

I have subscribed to your mailing list.

But the terminologies that you use in your emails are not noob friendly.

Please don't use much of jargon

The1og - October 19, 2017, 12:40 pm

I subbed and am looking forward to the first email!
